October Issue

E-copy available @ WWW.ACE-ACADEMY.NET

With the October heat, getting on everyone's head, the first term is already half way through. With the weather changing at the drop of a hat, moods of the students are also changing at the drop of a hat!! With the approaching IGCSE Exams in November, students are trying very hard to cover all the materials so they can have time for revision.

A word of thanks going out to all the tutors who are trying their best to cover all the materials in time in order to give revision sessions to their students and the students trying their best to cope with all the hard work.

We are very sure, that each of our students will do their best, and we

ACE welcomes Ajarn Evan! He brings with him a Master's Degree in Developmental Studies in English from Australia. His strength in academic writing will be helpful to many of our students. Feel free to contact us for more information on academic writing.

What is Academic Coaching?

Academic Coaching is a working partnership whose sole importance is the improvement of the "learning skills" of the students. The improvement of the learning skills of the students eventually leads to high and better results. With the professional coach, the student and the teacher, the students are able to find out what their learning styles are, what are their working habits and mainly what are the barriers and difficulties that stop the success of the students. The teachers help the students to overcome their difficulties and get rid of the barriers, so they are able to achieve the most they can of their potential

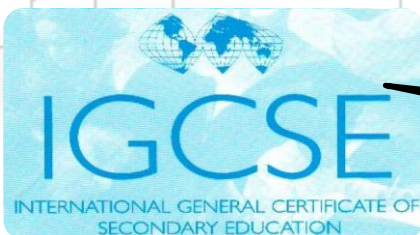

This goes in line with the motive of ACE Academy which states that, "**Your Success, Our Pride.**" At ACE, we work with the students and try our best to make sure that each of the student here brings the best out of them.

Bonjour! ACE welcomes Ajarn Andrea, a certified and Masters graduate with 5+ years of teaching French as a foreign language. We welcome her to the ACE family.

"SAT CLASSES"-Break 1350 by joining the Intensive Classes at ACE ACADEMY- Highest Scores Guaranteed!

IGCSE CLASSES!! -Prepare, review and ace the upcoming IGCSE Examinations with confidence!

"Education does not take place when you learn something you did not know before. Education is the ability to use what you have learnt to be better today than you were yesterday." - Lyanla Vanzant
